WHAT WILL I STUDY?

The APICS CLTD Learning System delivers the most effective CLTD certification exam preparation. It is divided into nine modules across two books that reflect the entire APICS CLTD Exam Content Manual (ECM), utilizing the source bibliography references identified in the ECM as well as other current logistics reference materials.

The content is integrated with best practices in the day-to-day functions of logistics professionals that drive the improvement in distribution and transportation necessary to maximize an organization's efficiency and impact the bottom-line.

Each learning module is available in print and e-Pub format. Progress check questions are included at the end of each section to ensure that you are staying on track and retaining the information. The materials are linked directly to every practice question found in the web-based tools.
